SEJARAH PT SATONA

History of PT Satona

Pada awalnya PT Satona hanya melakukan perdagangan produk Gipsum ex PT Petrokimia Gresik. Seiring dengan kepercayaan yang semakin meningkat dari mitra-mitra kerja perusahaan, PT Satona semakin hari semakin berkembang, sehingga banyak melakukan perdagangan yang beraneka macam produk, yang sebagian besar adalah produk kimia (*chemical*). Hal inilah yang dijadikan dasar label perusahaan yaitu:

"GENERAL TRADING COMPANY, SPECIALLY IN CHEMICAL FIELD".

dan di 2023 dilakukan pembaruan menjadi :

"PT SATONA, LET'S GROW".

Initially, PT Satona traded exclusively in Gypsum products from PT Petrokimia Gresik. As trust from the company's partners increased, PT. Satona has grown day by day, expanding its trade to include various products, primarily chemical products. This expansion forms the basis of the company's label, which reads:

"GENERAL TRADING COMPANY, SPECIALLY IN CHEMICAL FIELD".

and in 2023 an update will be carried out to become:

"PT SATONA, LET'S GROW".
